- Mount Mary English High School | Virar (E) | 2008 - 2018  
SSC | 85.60%

## PROJECT AND EXPERIENCE

### AUTOMATED DOOR SYSTEM • ELECTRONIC DEVICES MINI PROJECT

It was group project of 3 members. We have developed a system that opens door automatically when there is someone in front of it.

### SLOVISH THE VOICE ASSISTANT

This is PYTHON based project. In this system we use our voice to command our device to perform many operations.

### MUSIC PLAYER

It was java-based Desktop Application to play music from internal directories. It had features like play/ pause, volume up/ down, next song, previous song, etc.
